PRICE—5 CENTS.

DEWEY'S FEAT FINDS A RIVAL

A Sensational Report
From Hayti.

HAS SAMPSON WON?

Twelve Warships Said to
be Sunk.

COFFIRMATION IS AWAITED

If the Conflict Took Place it Was
in the Windward Passage
Between Hayti and Cuba—In-
teresting Cruise of the Daun-
tless—Monitors as Troublesome
Factors in the Movements of
Squadrons.

CAPE HAYTIEN, May 21.—A passenger from Port de Paix, who arrived on the Haytian steamer to-day, brought a rumor that a fight had taken place off Mole St. Nicholas in which twelve Spanish warships had been sunk and two Americans were disabled. The report, however, lacks confirmation.

It is reported here from a vague source that cannonading was heard off the mole to the northward ceasing at nightfall, and that the firing was renewed early to-day and continued until night.

LACKS CONFIRMATION.

Naval Officials Consider the Fight
Story Premature.

WASHINGTON, May 19.—No confirmation of the rumored engagement of Mole St. Nicholas has been received at the navy department up to a late hour to-night. The naval officers are disinclined to believe that the American fleet has encountered the Spanish fleet. It was expressly denied at the department that information even giving an intimation of a fight had been received and further it was stated that a meeting between the two fleets was hardly to be looked for over to-night. This statement is significant in that it indicates that the opposing squadrons are not so close together as to justify an expectation of developments.

THE SPANISH SQUADRON.

It Consists of Only Seven Ships of
War.

PORTE AU PRINCE, Hayti, May 21.—The Dutch steamer Prince Frederick Hendrik, which has arrived here from Curacao, confirms the report of the presence there on May 16th of the Spanish squadron. Only two of the Spanish ships were allowed to enter the roads. These vessels secured provisions, a quantity of coal and other supplies, in all estimated at a value of more than \$20,000.

The fleet comprised the cruisers Victoria, Infanta Maria Teresa, Cristobal Colon and Almirante Oquendo, and the torpedo boat destroyers Terror and Fortune.

The squadron left Curacao in an easterly direction, but after proceeding several miles, turned and took a westerly course.

CANNOT GET COAL.

The Spanish Squadron in Hard
Luck in the Caribbean.

ST. PIERRE, Martinique, May 21.—There is nothing to report as to the movements of the Spanish torpedo boat destroyer Terror and the hospital ship Alicante, which are still at Fort De France. The Spanish consul there yesterday made a desperate attempt to allow the British steamer Twickenham to discharge her coal cargo or to supply the Terror and Alicante with coal, but the government positively refused to allow this to be done.

It was rumored to-day at Fort De France that the Cape Verde ships from Curacao would call there for coal.

A MAKESHIFT CABINET.

Spain is Relying on Alliance or
Intervention.

NEW YORK, May 21.—A dispatch to the World from Madrid says: A continental alliance for Spain or intervention to stop the war is now the joint aim of Premier Sagasta, of Ambassador Leon y Castillo at Paris and of the court at Madrid. Events will soon demonstrate this. The new cabinet is regarded as a makeshift and only temporary. Only an alliance or intervention could firmly establish it.

The ministry announced in the Cortes, through Premier Sagasta, as spokesman, that it is fully resolved to carry on the war and to employ for that purpose every means the Cortes will place at its disposal, confident of the support of the crown and country.

The ministry undertakes at the same time to crush the rebellions in Cuba and the Philippines. "With the utmost se-

verity, reserving for the day of pacification the accomplishment of the promised reforms."

THE CHARLESTON.

Her Sailing Delayed Yet Another Day.

SAN FRANCISCO, May 22.—At an early hour this morning the cruiser Charleston, under orders to proceed to Manila, is still in the stream. When she came down from the Mare Island navy yard to-day it was the intention of her commander, Captain Glass, to adjust the compasses and then proceed on her long sea journey.

Owing to the heavy fog, however, the compasses could not be adjusted this afternoon and it is Captain Glass' purpose to perform this task at daylight to-day and then sail immediately for the Philippines.

WITH SAMPSON.

The Cruise of the Dauntless in the Antilles.

ON BOARD THE ASSOCIATED PRESS DISPATCH BOAT DAUNTLASS, KEY WEST, Fla., May 16.—The Dauntless was a member of Admiral Sampson's fleet during the latter's cruise to intercept the phantom Spanish squadron. The dispatch boat's voyage last fifteen days ran extended from Key West to St. Thomas and return, with two side trips to Cape Hayti, Hayti, the total distance traveled being about 2,600 miles as against 4,300 miles by the fleet. The Dauntless occupied a grand-stand position at the battle of San Juan and bore the first details of the engagement to the St. Thomas cable station. Immediately on joining the fleet in the outer harbor at Key West, the Dauntless was ordered by the Admiral to take station within hailing distance of the New York and to remain there. When she was obliged to separate temporarily from the fleet, she was provided with light signals and a sailing course, so that she really overlooked the fleet and was never "held" by our suspicion.

When the cruise began it was believed that the Spanish squadron of cruisers, torpedo boat destroyers and torpedo boats, which had already sailed from the Cape Verde Islands, was bound for the West Indies. It was Admiral Sampson's plan to put his fleet between the Spanish vessels and the port of San Juan de Puerto Rico. Falling in this, to attack the fleet before it could leave San Juan, or if too late to engage the Spaniards anywhere on sight.

Leaving Key West on May 3rd the fleet sailed in the direction of Havana, then turned eastward, keeping in sight the lofty coast of Cuba.

At night the beacons on the Cuban coast were lighted, as usual, but they gave guidance to few vessels beside the enemies of Spain, for the war has driven ships from the seas.

At night the fleet carried no lights but there was much signal practice with colored lamps. Early in the evening the Terror and the Indiana became troublesome because of mishaps to their boilers. The monitors were from the outset a drag upon the progress of the fleet and during most of the way to San Juan the New York towed the Terror and the Iowa pulled the Amherst, the Porter often hitching on behind the Terror.

The officers of the fleet had many unkind things to say about the "craze," as they called the monitors. On May 9th the Montgomery went into Cape Hayton to send dispatches to Washington and next morning the Dauntless entered the same port for a like purpose. The Dauntless returned to the fleet on May 9th with dispatches but she was sent in again for further news and in order that President Sam might not be excited the Dauntless' captain stated that the steamer had returned for a bill of health.

On this visit the Dauntless obtained from the American consul a circumstantial report that a fleet of thirteen Spanish warships had been seen heading for Puerto Rico. In this report the naval officers placed some credence and the bombardment of San Juan was planned in the hope that the Spanish were in the harbor. The fleet slowly moving onward on May 10th and 11th, and in the afternoon of the latter day, the Dauntless was ordered to be ready to carry dispatches to St. Thomas.

At daybreak on May 12th the fleet bombarded San Juan, the serpent, the Dauntless lying six miles off Fort Morro and viewing the bombardment and reply of the forts, a description of which event has already been cabled from St. Thomas and Key West.

After the battle the Dauntless waited for an hour for Admiral Sampson's dispatches to the navy department and immediately on receipt of them steamed for St. Thomas. Ten miles from that port the United States auxiliary cruiser Yale signalled the Dauntless, which was a little out of her course, to get within hailing distance.

There was much cheering for Sampson when the Dauntless gave the news of the attack on San Juan.

A CHEERING SIGN.

Heavy Expansion of Loans in Eastern Banks.

NEW YORK, May 21.—The financier says this week: "In the face of the showing made by the New York banks for the week ending May 18th, it is difficult to see how the money market is to be sustained on the present level for any length of time. The banks now hold an excess reserve of \$60,700,715,250 the highest reported in fourteen months and the total cash in banks has rarely exceeded the present volume. The treasury is disbursing large sums of money and until two weeks ago high rates forced a constant liquidation of loans and sales of accumulated sterling bills. A result has been to throw a mass of idle money into the banks. Fortunately the situation has so much improved that the banks are finding use for most of this money and the expansion of \$7,567,800 in loans for the week is a cheering sign."

Tent Peg Contract.

SANTA CRUZ, May 21.—The government has awarded a contract to J. H. Sinkinson of Santa Cruz for 20,000 tent pegs for the use of the army.

SOLID AID FOR DEWEY

The Monterey Goes to
Manila.

Can Whip the Entire Span-
ish Fleet.

Her Coal Capacity is Limited
But This Difficulty Can be
Obviated.

WASHINGTON, May 21.—The news event of the day with the navy department was the dispatch of the order for the Monterey to proceed to Manila to reinforce Admiral Dewey's squadron. The Monterey is a tower of strength in herself and her addition to Admiral Dewey's fleet, together with the dispatch of thousands of troops to Manila, is ample evidence that the administration has assumed no half-hearted attitude toward the Philippine question and is determined to take no chance of dispossessing until such time as the United States itself has arranged for the disposition of the islands.

The Monterey is probably the most formidable monitor in the world, yet, with the enormous offensive and defensive qualities of the monitor type, has a seaworthiness that is almost phenomenal. The Monterey is described technically as a 4,000 ton displacement. She is 250 feet long by 68 feet beam and 14 feet 6 inches deep. She carries in two turrets, surrounded by barbette, two 12-inch and two 10-inch guns, while in her superstructure between the turrets are mounted six 6-pounds, four 1-pounds and two gatling guns.

CAN DEPY. ANYTHING.

The turrets are 7½ inches thick and the surrounding barbette are 14 inches and 11½ inches of steel and against the armor all the batteries in Manila might thunder away without effecting an entrance. The Monterey's personnel is 18 officers and 172 men, and once she is in the entrance of Manila harbor, nothing in the shape of a navy would be likely to budge her from her position. Her dispatch may have an important bearing upon the Spanish government talk so openly of sending reinforcements to Manila.

The only doubt as to the feasibility of sending the Monterey is her small coaling capacity. She has bunker room for only 200 tons of coal, and though more might be stored on her decks, it is doubtful whether she could, at the utmost, carry more than enough coal to take her to Honolulu, one-third of the way to the Philippines.

MAY GO IN CONVOY.

It is probable that the Monterey will be in convoy and after exhausting the coal that she will take on in Honolulu, she must either be towed about 2,000 miles of her trip or perform the difficult operation of coaling at sea. The navy department gave out no news today touching the movements of the American and Spanish squadrons in the neighborhood of Cuba. It is plain to see, however, that the officials are expecting great events to occur at any moment.

What they fear most is the effect that might be produced upon our people by greatly exaggerated and misleading reports from Spanish sources of some great naval engagement if the Spaniards should claim the victory. It is realized that the first news of an engagement in the neighborhood of Cuba to the eastward may reach the United States through the Spanish cables via Madrid, and these are almost certain, no matter what the result may be, to make such a claim of victory for the Spanish. Obviously the only manner now in which the truth could be discovered would be through our own official channels.

THIS OREGON'S RUN.

The navy department is proud of the record made by the Oregon from an engineering point of view.

The report to the department from the ship shows that she does not need five cents worth of repairs to her machinery after 13,000 miles' continuous run.

The record is said never to have been equalled since the building of the first iron ship.

The Buffalo, which comes with the Oregon from Brazil, is to be overhauled at Newport News, furnished with armor, given a good battery of five-inch guns and altogether made a very effective modern cruiser. This will take about two months.

The Chicago naval reserve have come to the aid of the navy department in a most gratifying manner. They have not enlisted in the navy as an organization, but have enlisted individually as volunteers to the number of 200.

Commander Hawley, who is doing the work of recruiting for the department, telegraphed that they would be ready for service Monday, that they are splendid men and in large proportion seamen.

STOLE A BUGGY ROBE.

A Bold Sneak Thief Caught by Frank Scott.

Robert Young, a daring thief, was captured yesterday as a result of a woman's pluck and Frank Scott's arithmetic abilities. The man was seen taking a robe from a buggy on Freme street near the court house about 6 o'clock in the evening. It was not yet dark and many persons were walking along the street in sight of the man who was committing the theft.

A woman, whose name was not learned, had left the buggy while purchasing supplies across the street. She saw the man taking her robe and ran after him. The thief cut across the park with several persons in pursuit. The woman was not far behind and she

kept calling for the fellow to stop.

Frank Scott happened to be in front of the jail and heard the woman calling to the man. Scott immediately gave chase and ran the thief down after running for a block. The thief appears to be a vagrant and is perhaps thirty years old. He gave his name as Robert Young.

FIRE DEPARTMENT MEETING

Rumored That Chief Truman Hart Will Resign.

The Fresno Volunteer Fire Department will hold its regular monthly meeting on Monday night and considerable important business will come up for consideration. It is rumored that Chief Truman G. Hart will resign his office on account of other duties requiring his attention.

The department will also have other important matters to consider. The election of a driver for chemical engine No. 1, to fill the vacancy caused by the resignation of E. M. Stam, will take place. Herman Swarts is a candidate for the place. He is secretary of the fire department and an efficient man for the position.

The matter of attending the Decoration Day exercises and parading on the Fourth of July will also be considered. The firemen also intend to make a donation to the Red Cross Society.

Patriotic Youngsters.

The Levy Opera Company, an aggregation of bright young bathers, several of whom are yet in their teens, gave an entertainment yesterday afternoon for the benefit of Company C.

The affair took place in the Levy Opera House, which had been fixed up specially for the occasion in the rear of Herman Levy's residence. The affair was quite creditable and a large number of the young friends of the amateurs were present to witness the display of dramatic talent. The program was as follows: Farce dialogue, "Two O'clock in the Morning," Herbert Levy; Herbert Gundelfinger and Leslie Ellstein; dialogue, "The Noble Boy," by the entire company; recitation, "The Cook or the Perfumed," Miss Katie Gundelfinger; concert and clarinet duet, Herbert and Morris Levy; mazurka solo, Sigfried Levy.

NOT FEASIBLE.

Germany on the Anglo-Saxon Alliance.

German Diplomats Predict a Revolution if Spain Meets Further Reverses.

(Copyrighted 1898 by Associated Press.) BAGHDAD, May 21.—Diplomats say they do not believe that an Anglo-American alliance is feasible except possibly for purely pacific and defensive purposes. They utterly repudiate the idea of Germany joining such an alliance.

The Government is cautious in expressing an opinion on the subject, but is inclined to be favorable towards Mr. Chamberlain's deliberations in favor of an Anglo-American alliance.

The liberal press favors a friendlier understanding between the two countries, but even the most favorable of the papers do not go to the length of advocating an alliance with Great Britain, still less with the United States.

Count Von Radewitz, the German ambassador at Madrid, sent a report this week to the German foreign office on the political situation in Spain. He expresses the opinion that an outbreak of the people is merely a matter of time and further Spanish reverses must launch a revolution.

The foreign office incumbents say they have received no information in regard to the repeated stories of trouble in Samoa and they do not credit them.

The Prussian government has issued a new decree urging the provincial authorities to pay the strongest attention to the importation of American pork and other meats, and citing the alleged frequent occurrence of trichinosis.

Superior Court Notes.

The following business was transacted in the Superior Court yesterday:

JUDGE RILEY, DEPT. NO. 1

The Farmers' Bank of Fresno vs. H. L. DeWitt; Alex Gordon and Alex Goldstein sworn; motion for discharge of receiver denied.

Elizabeth Holman vs. M. H. Drummond; dismissed for want of prosecution.

Joseph Fife vs. Jas. A. Leutit; same order.

Lower Kern River Reclamation District vs. Southern Pacific Railroad Company; same order.

People's Savings Bank of Fresno vs. T. E. Jones et al.; motion for a new trial granted.

Sally F. Thompson vs. B. T. Alford et al.; motion to vacate judgment, set aside default and fix time for Delta E. Alford to plead to amended complaint.

FUSIONISTS MEET

Silver Republicans
Lonesome.

Mrs. Lease Will be Given an Ovation.

Democrats Don't Like the Populist Program—Expect a Wrangle.

The Populist county central committee met in E. S. Van Meter's office yesterday afternoon. The Democratic central committee was also in session, meeting in W. D. Foote's office, and the Silver Republicans met in the office of Judge Nourse. The three fusion parties transacted little business of importance and there was an air of activity about all the meeting places.

The Populists were in the most confident mood of any of the committees. The fact that the Democrats in the county and state are giving them all the offices that they ask for and are also letting them frame the platforms for the Democratic-Populist fusion conventions is a source of satisfaction to the shrewd wire-pullers.

The committee made arrangements for the reception and entertainment of Mrs. Mary Eliza Lease, who will speak in Fresno on next Friday evening. E. S. Van Meter, John S. Dore and G. P. Cummings were appointed on the reception committee and the Democrats and Silver Republicans are expected to appoint similar committees to co-operate with the Populists. The meeting will take place in the Barton opera house. Two boxes will be reserved for the Republican central committee and a box for the Republican, leaving one box for the fusion press of the county.

The committee decided to call for the formation of a Populist club on next Wednesday evening. The Populists will meet in the rooms of the Fresno Business College for this purpose.

The Democratic committee did not have a quorum and the time was spent in considering details in regard to the coming primaries and county convention. It was decided to leave the matter of party caucuses for the purpose of selecting candidates for delegates to the county convention to pre-empt voters. The question of organizing clubs came up for discussion and it was concluded to delay the matter until after the county convention. The committee did not feel sure that the fusion program will go through and in that case the Democrats would not want to be left in campaign clubs with a lot of Populists.

The Populists demand that the Democrats allow them to make the fusion platform, and from the amount of "kicking" on the part of the old-line Democrats, who protest against their party being deluged with Populist ideas, there will be lively times when the Democratic convention meets. It is expected that such a row will take place that the convention will not adopt a platform, but leave the matter to the state convention. This will not suit the Populists and the fusion program may be broken because of the inability of the Democratic wire-pullers to carry out their part of the arrangement.

The Silver Republicans were not out in force yesterday, in fact their meeting was merely an informal affair. Four or five sauntered around to Judge Nourse's office and put in the time wondering if the Democratic-Populist combination would offer them an office. The fusionists are not likely to throw the Silver Republicans a sop. A leading Populist expressed the opinion of the fusionists very bluntly yesterday, when he said, "The Silver Republicans are not numerous enough to command recognition. They are not entitled to an office."

WHEAT VERY DULL.

Letter Continues to Hold the Home Market.

CHICAGO, May 21.—The wheat speculators today appeared disposed to leave the entire market here to its chief manipulator and business was very small except for about forty minutes after the opening and again during the last hour of the session.

VOLUNTEERS KILLED.**Disastrous Train Wreck Near Chattanooga.**

CHATTANOOGA, May 21.—The train conveying the First Missouri Infantry from the city to the Park was wrecked in a collision at Rossville Station about five miles out at 9 o'clock. Five privates were killed and twelve were injured. The wrecked train was run into by a regular passenger train running at a high rate of speed.

ST. LOUIS, Mo., May 21.—The First Missouri Volunteer Infantry, whose train was wrecked near Chattanooga to-day, is composed of the flower of the St. Louis young men, who, to the number of 1,000, responded to the call of President McKinley. Thursday evening the regiment, under the command of Colonel Edwin Baldwin, left Jefferson barracks, near this city over the Illinois Central railroad in three sections for Chickamauga.

The forward coaches of the military train were badly shaken, but no injury was done to anyone in them. The damage would have been much greater had the train not been made up in exactly the reverse of the usual order. If it had gone out in regular order, the sleepers would have been in the rear and the officers who occupied them would have been killed instead of the horses. The wounded, about twelve in number, were taken at once in charge by Surgeon Wills of the First Battalion of the regiment. Colonel Edward Baldwin, commanding the regiment, is doing everything possible for the sufferers. Lieutenant John Jacob Astor of New York, as well as a number of others, were on the regular train but were not injured.

IN FOREIGN LANDS**O. J. Woodward Writes of His Travels.**

Visited Many Points of Interest—Taking the Cure at Carlsbad.

T. J. Kirk has received an interesting letter from O. J. Woodward, who, together with his family, is making a tour of the old world. The letter was written at Carlsbad under date of May 15.

Speaking of his travels, Mr. Woodward said: "After leaving Jerusalem we went to Smyrna, and from there to the old city of Ephesus and visited the ruins of the ancient temple of Diana, at one time one of the wonders of the world. From there we went on to Constantinople where we spent four days, and among the wonders visited was the famous mosque of St. Sophia, the dome of which is the largest in the world. I think you could easily place the entire court house of Fresno in the dome and still have room for all the bank buildings of Fresno and the dogs of Constantinople, from forty to a hundred on every block—all very quiet and good-natured, never even moving as you pass by or over them."

"From Constantinople we went to Athens. We drove out to the battle field of Marathon, visited the many ruins, and thence went on to Patras, where we took the steamer for Brindisi, Italy, thence going to Naples. We visited Rome next, where we passed ten busy days, of which I will give you a full description when I arrive home. I will only say that we were in Rome during Holy Week and at St. Peter's during service.

"Thence we proceeded to Florence, and thence to Pisa to see the leaning tower, and from there to Venetian, which I will not attempt to describe." The party then visited Vienna, the capital of Austria, and thence journeyed to Carlsbad, where they had been nine days when the letter was written. Mr. Woodward stated in the letter that they expected to remain in Carlsbad until the 18th of this month, as Mrs. Woodward was deriving great benefit from the use of the famous waters of that place. Every visitor who remains eight days in the town is taxed. The amount Mr. Woodward and family contributed to the city's exchequer was \$22 florins. At the hotel the guests are charged for everything, electric lights, note paper, envelopes, etc., being extra. From Carlsbad they expected—are probably on the way by this time—to go toward Paris. They are thinking of visiting Dresden, Berlin and Hamburg.

ANOTHER SPANISH SPY

Had a Plan of New York's Harbor Defenses.

NEW YORK, May 21.—A man said to be a Spanish spy and a deserter from the first United States artillery is reported to be a prisoner on Governor's Island.

According to the story the man was arrested by secret service agents on Broadway. While being transferred to Governor's Island on board the General Hancock, the prisoner is alleged to have flung a packet of papers into the bay, but the boat put back and the papers, which it is asserted, comprised details of the harbor defenses of New York, which are addressed to the Spanish consul at Montreal, were recovered.

Heads were cut off the day before.

Oats were entirely neglected. The close was unchanged from yesterday.

Provisions were barely stored without much activity, as if the liquidation had been pretty thorough. Pork and ribs gained 7½ and hams 5¢.

Another Powder Mill Blown Up.

CHICAGO, May 21.—A special to the News from Hammond, Indiana, says:

It is reported that the government powder mill at Hesville, Indiana, was blown up.

The mill was under orders to furnish 12,000,000 cartridges in the government.

Don't Kindle a Fire

When you have a gas stove, All sizes for sale by the Fresno Gas & Electric Light Co.

Private diseases treated by an experienced specialist at the Golden Rule drug store, 1730 Mariposa street. Consultation free.

We sell gas for cooking and gas stoves at absolute cost, regardless of price charged elsewhere. New carloads arrived to-day. Fresno Gas & Electric Light Co.

The National Exchequer.

WASHINGTON, May 21.—To-day's statement of the condition of the treasury shows: Available cash balance, \$126,423,616; gold reserve, \$174,362,301.

IMMUNE REGIMENTS.**Men Who Have Had Yellow Fever Ready for Cuba.**

WASHINGTON, May 21.—One hundred and three thousand volunteers have been mustered into the service of the United States, according to the reports which have reached Adjutant-General Corliss and by the end of next week the officials hope every man of the 125,000 called for will have taken the oath to protect the United States Government in its war with Spain.

The mustering in of the regular army branch with a view to increasing it to sixty thousand men, the war strength authorized by law, continues satisfactorily in all directions, though the returns of officers engaged in the work are not yet at hand.

Arrangements are being made for the recruiting of the "immune" regiments in the Gulf states. A circular prescribing the mode of and qualifications required for enlistment will be prepared and circulated freely in the south. Owing to the great rush of business the probability is that such will be done in this direction. Six colonels for these immune regiments were nominated by the President yesterday and it would not be surprising if the remaining colonels were given to colored men who have been pressed for appointment. Two of the appointments to Colonels are now definite for duty in the adjutant general's office of the war department, Messrs. Sargent and Pettit.

Two Records Broken.

FRANKLIN FIELD, Philadelphia, May 21.—In the dual games between Pennsylvania and Cornell to-day J. C. McCracken of the University of Pennsylvania broke the Intercollegiate hammer throwing record of 136 feet 3½ inches by a throw of 147 feet 10¾ inches.

M. C. Ehrnsdorf, U. of P., broke the intercollegiate record of 24½ seconds for 220 yards hurdle, running the distance in 24 2-5 seconds.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets, Baker & Colson refund the money if it fails to cure. 25c. The genuine has J. B. Q. on each tablet.

Reuben Cannon Dead

AUROHA, Ohio, May 21.—Hon. Reuben Cannon, formerly well-known throughout the state as a leading politician, is dead, aged 79 years. Before the civil war he was a recognized factor in politics and recognizing the great ability and possible future of James A. Garfield, he induced him to consider the proposition of accepting the nomination of state senator, which was carried out a few weeks later and was the commencement of Garfield's elevation to the Presidency.

The Populists demand that the Democrats allow them to make the fusion platform, and from the amount of "kicking" on the part of the old-line Democrats, who protest against their party being deluged with Populist ideas, there will be lively times when the Democratic convention meets. It is expected that such a row will take place that the convention will not adopt a platform, but leave the matter to the state convention. This will not suit the Populists and the fusion program may be broken because of the inability of the Democratic wire-pullers to carry out their part of the arrangement.

The Silver Republicans were not out in force yesterday, in fact their meeting was merely an informal affair. Four or five sauntered around to Judge Nourse's office and put in the time wondering if the Democratic-Populist combination would offer them an office. A leading Populist expressed the opinion of the fusionists very bluntly yesterday, when he said, "The Silver Republicans are not numerous enough to command recognition. They are not entitled to an office."

The party then visited Vienna, the capital of Austria, and thence journeyed to Carlsbad, where they had been nine days when the letter was written. Mr. Woodward stated in the letter that they expected to remain in Carlsbad until the 18th of this month, as Mrs. Woodward was deriving great benefit from the use of the famous waters of that place. Every visitor who remains eight days in the town is taxed. The amount Mr. Woodward and family contributed to the city's exchequer was \$22 florins. At the hotel the guests are charged for everything, electric lights, note paper, envelopes, etc., being extra. From Carlsbad they expected—are probably on the way by this time—to go toward Paris. They are thinking of visiting Dresden, Berlin and Hamburg.

ANOTHER SPANISH SPY

Had a Plan of New York's Harbor Defenses.

NEW YORK, May 21.—A man said to be a Spanish spy and a deserter from the first United States artillery is reported to be a prisoner on Governor's Island.

According to the story the man was arrested by secret service agents on Broadway. While being transferred to Governor's Island on board the General Hancock, the prisoner is alleged to have flung a packet of papers into the bay, but the boat put back and the papers, which it is asserted, comprised details of the harbor defenses of New York, which are addressed to the Spanish consul at Montreal, were recovered.

Heads were cut off the day before.

Oats were entirely neglected. The close was unchanged from yesterday.

Provisions were barely stored without much activity, as if the liquidation had been pretty thorough. Pork and ribs gained 7½ and hams 5¢.

Another Powder Mill Blown Up.

CHICAGO, May 21.—A special to the News from Hammond, Indiana, says:

It is reported that the government powder mill at Hesville, Indiana, was blown up.

The mill was under orders to furnish 12,000,000 cartridges in the government.

MAN ABOUT TOWN

When Fairness Is Not a Virtue.

Anglo-American Fusion Gets a Blow.

Too Much Gush About the Cow-boy—Democratic Dissatisfaction Increasing.

Some blessed angels who roam this wide earth and engage in its coarse occupations simply because they lack the pinions that would enable them to wing their flight to heaven, where they might callously their finger-tips playing on harps of gold, silver, or gold and silver, according to their politics, maintain that even an enemy is entitled to fair treatment.

Simple simplicities! Consider the enormity of the proposition. We are to give to our enemy what we dole out most sparingly, and only on the soul's holidays, even to our dearest friends! Was the like of it ever heard? Fair treatment is among the most precious of jewels whose rays even delight the inner eye, and to bestow it upon an enemy is as criminal a waste as to present a dweller of the desert with a chinchilla overcoat.

One of the highest duties of a patriot is to be unfair to the enemy; he must strike the word "fairness" from his dictionary and dwell with fierce delight upon such beautiful words as "misrepresentation," "denunciation," "invention," "native," "sarcasm," "ridicule," etc.

"Those Spaniards can fight, anyway," says Mr. Fairman.

"Fight? Why, any rat will fight if cornered!"—Well, their fleet gave ours the slip—that wasn't so bad on their part, was it?

Patriot (beginning to get indignant)—Aren't their ships faster than Sampson's, and isn't the ocean roomy? Why, you could drop Spain in the Gulf and lose it!

Fairman—Why don't we send our faster ships after them?

Patriot—Dolt! don't you know that their arm's can't compare with that on the composite vessels of the Spaniards?

Fairman—Why didn't our government build ships like the Spaniards, then?

Patriot (in a rage)—Would you Spaniardize our navy? What are you driving at, anyhow? You're a rascal, u tration n — a —

And so he is, confound him, and ought to be well thrashed. It's the mere accident that Spain has vessels that are able to show their heels to ours, but aren't they just the kind that the miserable, cowardly Spaniard ought to have? What would he do with shaw, armored ships? He would be reduced to the unhappy necessity of fighting, and then—well, that would end it.

But this is somewhat in the nature of a digression. What I wanted to say was that it is our duty to regard the Spaniards as brutal, blood-thirsty, cowardly, ignorant, treacherous, incapable, etc. They are without the smallest virtue and have all the vices. As for those who sympathize with them, they are as bad as the Spaniards themselves. The Devil take fairness!

I was walking in Mariposa street the other day whistling "God Save the Queen" and thinking sweet thoughts of an Anglo-American alliance when a Briton with whom I have a passing acquaintance stopped me for a little chat. He had some sort of my being favorable to the fusion between England and the United States, but I soon undervalued him on that point.

"There's no reason why the two countries shouldn't form an alliance," said the Briton.

"None whatever," I agreed.

"The English speaking race should be united," declared he.

"It undoubtedly should be," echoed I. "Our interests are identical and together we could defy the world and fulfill our destiny with no opposition to speak of," said the Briton.

"Couldn't we?" I exclaimed.

"Now, when I was in England I used to say to my friends, 'You fellows don't appreciate the Americans; there are really a lot of good men over there. If you knew more about them you'd feel differently toward them,'"

"That was kind of you," I said, but not very heartily.

"The only trouble is," continued the Briton, "that there are a lot of Americans who refer to the Americans in pretty much the same term."

"Of course," said the Briton, half musingly, "we Englishmen have had hundreds of years of culture and consequently possess more of the repose and manner of gentlemen. There's a good deal of common sense in this—"

But I discovered at that moment that I had business in the other direction, and turning around, I walked down Mariposa street. I didn't whistle "God Save the Queen" again nor have I since that memorable day thought sweet thoughts of an Anglo-American alliance.

Hardly a day passes that some newspaper does not contain a thrilling article telling what two or three thousand cowboys would do if they were "let loose" in Cuba. They wouldn't do any more than two or three thousand regulars would in the same place, if as much. I have seen the cowboy in his native land and he likes me not. He is often brutal, and while reckless when drunk, is not too brave when sober; he can ride well and shoot nearly as well, and his creed is to get the drop on the other man. Of course this estimate of the cowboy has nothing to do with the exception. I am dealing solely with the rule. That Uncle Sam can "lick them into shape" and make good soldiers of the cowboys I do not doubt, but that they will fulfill the extravagant expectations of the people who read about them in the papers is also rather improbable.

There's a peacock at the Hughes hotel and he has been named Admiral Dewey. As peacocks are not very numerous in these parts the one at the Hughes receives considerable attention, and he rewards those who notice him with a sight of his magnificent tail, which contains feathers enough to keep

several mandarins supplied. He is quite intelligent for a peacock, differing in that respect from many of his tribe. Every morning he takes a promenade through the hotel, beginning on the ground floor and visiting each story in turn. Before ascending from the first to the second floor he enters the parlor, walks up to the big mirror, and admires his "posterior luxuriance" for on these trips he gives his tail full spread. After having critically examined himself and found every feather in its proper place, he resumes his promenade and visits the second story, then the third, after which he slowly and majestically makes the descent. It is easy to tell when the Admiral is about, for his train is not a light one. He is regarded with great respect by the cats and dogs who occasionally stray into the courtyard in which he makes his home, and well they may, for he would resent any attempt to take libert with him.

The past week has been a rather uneventful one, politically. The forces that threaten to split the fusion program of the Big Six are still at work and the increasing dissatisfaction among the Democrats shows that the work is effective. It is fully realized now by many Democrats that the Populists have been treated with a liberality out of all proportion to the strength of the party in this county, and they are of the opinion that a new deal—one fairer to the Democrats—should be made.

"I'm sure that we could have secured the co-operation of the Populists at a lower price than was paid by the Democratic members of the conference committee, and therefore consider that Messrs. McVey, Hughes and Foote displayed bad judgment," said a disaffected Democrat, in speaking of the political situation. "The most preposterous thing about the whole arrangement was the giving to the Populists the control of the Board of Supervisors. I wonder if the Democratic half of the Big Six realized what they were doing when they gave the Populists two supervisors?" The office of County Clerk and that of State Senator should also have been retained by the Democrats. One Assemblyman, the Surveyor and the office of Public Administrator could have been given to the Populists instead. As for the Silver Republicans, while I don't take much stock in them, as long as it was decided to have fusion, they might as well have been left in on it. I don't really think that the program will be ratified by the Democratic convention. The division of offices is not fair to us, and the proportion to swallow a pliant form made by Populists is distasteful to all real Democrats. If the Big Six succeed by skillful manipulation in forcing the program through the convention, our only recourse is to straighten things out on election day. That slate must be smashed, too. Any slate that doesn't give full recognition to the county Democrats has no show. The outsiders, the men with "bayonetts in their hair," are tired of going to the polls year after year and casting their votes for Democratic men and principles without seeing any of their number chosen to places of honor."

At 2 o'clock, on reassembling, Rev. Robert Whitaker, missionary secretary of northern and central California, gave an address on the impressions obtained through four months' missionary travel and work among the Baptist churches between the line of Kern county and the Oregon state line. The first impressions were the laymen of the field; secondly, the needs of the field; thirdly, the difficulties of the work of state missionary. The address was an eloquent effort and a strong plea that our churches be more helpful one to another.

The remainder of the afternoon session was occupied with a Sunday school conference will be noted in another column.

M. G. BRADLEY.

DECORATION DAY.

G. A. R. Invites All Societies to Cooperate With Them.

The parade committee of the G. A. R.—Mrs. J. N. Noble, Mrs. Jackson, A. C. Banks and Ed. Bush—have sent out circulars to all the fraternal societies and the veterans of the Mexican war and ex-Confederate veterans asking them to participate with the Union veterans in observing Decoration day. The circular is as follows:

"You are hereby invited to co-operate with and assist the veterans of the Grand Army of the Republic in observing Decoration Day, May 30th, 1898, by helping the custom of the G. A. R. to annually decorate the graves of their departed comrades.

It is desired to make this a day for the decoration of the graves of departed friends as well, and to this end we desire your co-operation and support.

"We desire that you meet on May 30th, at 9 o'clock a. m., prepared to take part in usual parade, after which exercises will be taken for the cemetery, where the closing exercises will be held."

BOXING NOTES.

Allen and Gallagher Training for Their Match.

Allen and Gallagher, who are to fight on the 3rd next month, were out on the road yesterday morning. Allen ran nine miles over a heavy piece of road and is losing weight fast. Gallagher is doing about the same kind of work, and will be in fine fettle within a week.

Earnie Courtney of the ball team may go on in a preliminary for three fast rounds with either Kelsher or Hartigan.

Rubbin's staying qualities in his battle with "Kid" McCoy surprised many.

The state of Michigan alone have been cured of Indigestion and dysentery by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package.

Recovered a Stolen Rig.

Costable Spencer of Elsinore was in town yesterday, having come in from Edinburgh, whither he went to recover a horse and cart, which was stolen from George Pierce on the 3rd instant. He recovered the cart and harness, and found where the horse was. James Hilton, who stole the rig, is in jail at Visalia, having been arrested in that town on another charge.

Card of Thanks.

I wish to thank the Degree of Honor A. O. U. W. for the fifty dollars paid toward J. H. Cline's funeral expenses.

MRS. MARCIA COREY.

To Whom It May Concern.

I hereby give notice to all interested persons not to purchase or discount a promissory note given by me to H. H. Harlan dated about May 1st for \$15, as I will contest the payment of same.

J. F. HALL.

Save Time and Keep Cool

by adopting a "Cooker Chief" for the summer. Sold on easiest terms by the Fresno Gas & Electric Light Co.

Donation to the Red Cross.

The collections at the services in St. John's Catholic church this morning will be donated to the Red Cross society for the benefit of the boys of Company C of Fresno.

Dissolution of Partnership.

THE FIRM OF PEDLAR AND HAYDEN

Best, to take after dinner; acid digestives, curative tonics, etc., will be mutual consent been in the day dissolved. All debts, accounts, and credits, etc., will be settled with Dr. Hayden, who will receive for the same and pay all account due from the late firm.

Prepared only by C. Hood & Co., Lowell, Mass.

BAPTISTS MEET.

Interesting Session Held Last Thursday.

The Church Progressing Satisfactorily—Election of Officers.

The Baptists of San Joaquin valley met in annual session, on the farm of W. A. Durham Thursday morning at 9 o'clock. After organization, the moderator, Rev. H. W. Donnell of Stanford, made an address reviewing the work of the year and gives a watchword for the coming year, "Enlargement," Sunday, May 22.

The afternoon was taken up largely with reading of letters from the churches, which showed that some advancement had been made during the year and that there was a good feeling among the churches.

The election of officers for the ensuing year resulted in the choice of Rev. G. W. Donnell for moderator, Frank M. Reed of Porterville, for clerk, and W. A. Durham of Selma for treasurer. Rev. J. M. French of Fresno, Rev. A. D. Smith of Olander, Rev. L. D. Wood of Exeter and Lindsey, William Harvey of Fresno and W. M. Durham of Selma were elected on the executive and missionary committee.

The evening session was mostly occupied in the hearing of an able sermon from Rev. T. D. Wood of Exeter and Lindsey, who, in his Cor. 12th and 13th chapters.

Friday morning services were opened with a Bible reading on the current Sunday School lesson, conducted by State Sunday School Missionary, D. F. Ward, of Oakland. General interest was taken in the service and many good thoughts expressed.

After a short business session in which associated work was discussed, the Annual sermon was delivered by Rev. J. M. French of Fresno from the text, John viii, 17, in which he emphasized the importance of true doctrinal preaching—the "rightly dividing the word of truth." Adjournment for dinner.

At 2 o'clock, on reassembling, Rev. Robert Whitaker, missionary secretary of northern and central California, gave an address on the impressions obtained through four months' missionary travel and work among the Baptist churches between the line of Kern county and the Oregon state line.

The first impressions were the laymen of the field; secondly, the needs of the field; thirdly, the difficulties of the work of state missionary. The address was an eloquent effort and a strong plea that our churches be more helpful one to another.

At 3 o'clock, the remainder of the afternoon session was occupied with a Sunday school conference will be noted in another column.

M. G. BRADLEY.

Two Foreclosure Suits.

The California Savings and Loan Society yesterday sued Fred Raymond to foreclose a mortgage given to secure the payment of a promissory note for \$789. Mrs. W. M. Jensen also commenced a foreclosure action yesterday against D. M. Coutts, the amount involved being \$326.

One Hundred Reasons

Can be given why Stuart's Dyspepsia Tablets are the best and most effectual cure for every form of Indigestion.

They are in Tablet form which retains their good qualities indefinitely, while liquid preparations become stale and useless with age.

They are convenient, can be carried in the pocket and taken when needed. They are pleasant to the taste.

After each meal dissolve one or two of them in the mouth and mingle with the food; they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous products of fermentation.

Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood corpuscles in motion.

They increase flesh by digesting flesh forming foods.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach troubles and nothing else.

One disease, one remedy, the successful physician of today is the specialist prepared especially for one disease.

A whole package taken at one time does not hurt you, but would simply be a waste of good material.

Over six thousand men and women in the state of Michigan alone have been cured of Indigestion and dysentery by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package.

**BREAD IS THE
STAFF OF LIFE.**

But to complete the staff A GOOD BUTTER IS NEEDED; Is better
than good—it is nice.

It is the product of a healthy, well kept herd of cattle.
It is made by those who understand butter.

It is salted evenly.
It contains no artificial color.

It is sold at B. T. Scott's.

IT IS ONLY 45 CENTS A ROLL.

It is the Danish Creamery.
It is the American Creamery.
It is the Malsberry.

It is the butter you are now paying 50 cents a roll since the ad-
vance.

MALARIA CURE.

Country in full of them, every little
corner druggist has one. All do some
good, but if you are now suffering from
malarial poisoning, chills and fever, or
any kind of summer complaint, You
want to be cured come to see us. We
guarantee you an absolute cure. An ex-
perienced physician gives you his per-
sonal attention and charges only for
medicine; and

INCIDENTALLY

It will pay you to examine our prices on
our fine stock, consisting of everything
generally kept in a first-class drug store.
Considering that we handle only first-
class goods you will no doubt agree with
us that our prices are not only low but
exceedingly reasonable.

Golden Rule Drug Store,
1727 Mariposa street, Fresno city, Cal.

Weather Forecast.

Northern California—Probably occa-
sional scattered showers Sunday, fol-
lowed by clearing; cooler in extreme
southeast portion; brief southwesterly
winds.

Southern California—Partly cloudy
Sunday; fresh westerly winds.

The Republican may be had in San
Francisco at Cooper's book store, 246
Market street.

The Eastern office of this paper is at
230 to 234 Temple Court building, New
York City, E. Katz Advertising Agency
In charge, where files may be seen and
advertising contracts made.

LOCAL BREVIETIES.

Mason Jar
and Jelly
Glasser at Holland's.

Home-rendered lard at City Market.
Osborn rakes and mowers. Dorsey &
Parker.

Seaside tickets at reduced rates on
sale at Southern Pacific office.

Just the thing to send to your friends
in the east—"Imperial Fresno."

Republican business office, telephone
main 97. Editorial room, main 101.

\$3 buys an Osborn patent washing
machine at Fresno Planing Mill, South
I Street.

"Solids" Ferguson made a great reputa-
tion in the game he pitched at Clovis.

Percy Held is making a great record
with his "little bat." The boy can hit
like a major leaguer.

"Neil" Moore promises to be out with
all his knowledge of the game. He will
"play the pink" on the first ball pitched.

Stillman has caught some of the fast
pitchers and will give the people of
Fresno a good exhibition of how he puts
up the game.

The San Francisco Call speaks of
Thomas as "a la Hughes." He is surely
doing good work for the team.

Thomas is somewhat of a violinist, too.
He sings either second "base" or tenor.
There is a great need of "pitch" to his
voice.

Early is the star pitcher of the nine.
His punts and consoling on the diamond
cause much amusement.

The boys missed the Burlin winery
about two blocks coming home from
Clovis. Thanks to Captain Brittan.

McCue is the best reserve catcher we
have over here. He has a "whip" which
would make our chance let out a few
holes.

Mangerina is keeping up his end of
the game. The "Terrific" has a few
holes left.

Earl Courtney is improving in his
work, his hitting being especially noticeable.

The train from Clovis will arrive at
12.50. "Ferg" will be drawn major and Al
Sunderland chaperon.

The Swallows' Union has become in-
terested in the game. President Heinrich
Wulmer will have charge of a party.

The people of Fresno should support the
team. It is a good "ad." for the town,
as it was evicted from the community
on the Fresno Republican nine.

Clovis is coming to the front as a
beautiful town. The boys ardently
await the arrival of the Republican for
reliable baseball news.

Rum beer is the beverage prescribed
by "Cap'n" Brittan. All rooters should
drink it.

"Little" Early has proved himself to
be entirely different, rather than
most people thought him to be. He
plays the game to win and does not cut
the rowdy experts attributed to him.

Flat Bassman Sykes stands 6 feet 4
inches. He is well named. Early is having
a pair of stilts made to keep up to
the times.

O'Neill, Muskrum, Schneer and
Mosher are a good quartet to draw to.

Weather Observer Bolton said at 6
o'clock last evening: "Rain tonight
and a light shower during the day." This
placed somewhat of a damper on the enthusiasm
of the baseball fans, but the best ball team ever organized in
Fresno.

There is some talk of organizing a
colored baseball nine. Several men from
the Los Angeles Tilbys are in town.
Casper Porti has the manager in charge.

Following are the batting and fielding
averages of the Fresno team:

Held560 .960

Courtney277 .812

Tawney250 .1000

Moore233 .905

Ferguson227 .917

Mangerina157 .921

Snider062 .764

Thunes147 1.000

UNLOADING SALE.

One That Will Certainly be a
Stunner.

The unloading sale advertised by
Louis Herlinghi will be the business sen-
timent of the year if low prices will
make it so.

The reader should consult Mr. Herlin-
ghi's advertisement on the eighth page
of this paper, where some of his "un-
loading sale" prices are given.

Stop a Minute

And look over the immense line of mis-
cellaneous new books that are arriving
daily at Riege's Book Store.

A Modern Art Store.

Special study made of artistic and ap-
propriate picture framing, Plaster, the
sign painter, 1148 J street.

nue, Belmont. All medicines guaran-
teed.

W. D. Smith.

ON THE DIAMOND

Fresno vs. Oakland at Ath-
letic Park Today.

The Ball Game Promises to be a
Heated Contest.

Notes.

There is probably more interest be-
ing taken in the baseball game to be
played at Athletic Park today between
Fresno and Oakland than any yet
brought off this season.

The home team is in excellent trim,
"Cap'n" Brittan having had the men at
work all the week. Most people are
under the impression that it will be a
walk over for our nine. The boys are
confident of winning, but it will be no
pleasure for either side. The Oaks have
been strengthened since they played
here, and there will be some interesting
skirmishing for the victory.

The line-up, as previously announced,
is as follows:

Onfield—

Fresno—

Sullivan Catcher..... Mangerina

Russell Pitcher..... Thomas

Bykes First base..... Held

O'Neill Second base..... Earley

Lange Third base..... Moore

Schneer Short stop..... Courtney

Mosher Left field..... Ferguson

Hardie Center field..... McCue

Douglas Right field..... Brittan

Snider Extra Tawney

The game will be called at 2:30 o'clock.

BASE HITS.

Fresno leads the league.

San Francisco papers are beginning
to recognize our ability.

The field may be a little slow today,
but a few days' work will level off the
ground.

"Solids" Ferguson made a great reputa-
tion in the game he pitched at Clovis.

Percy Held is making a great record
with his "little bat." The boy can hit
like a major leaguer.

"Neil" Moore promises to be out with
all his knowledge of the game. He will
"play the pink" on the first ball pitched.

Stillman has caught some of the fast
pitchers and will give the people of
Fresno a good exhibition of how he puts
up the game.

The San Francisco Call speaks of
Thomas as "a la Hughes." He is surely
doing good work for the team.

Thomas is somewhat of a violinist,

WILL BE A FEAST

A Ton of Supplies For Company C.

Raisins, Fruits, Tobacco, Etc., Supplied.

Donations by Citizens of Fresno Expressed to the Presidio Last Night.

The boys of Company C will throw up their hats and hurras for the folks at home when they receive the donations of fruit, raisins, etc., expressed to them from Fresno last night. One ton of good things were contributed by the patriotic citizens of this city yesterday, making enough to afford the volunteers something good to eat for a month. All day long the ladies were busy soliciting fruit, etc., and by evening a large amount of goods had been left in General Muller's office on J street. J. W. Shandlin assisted the ladies in getting the supplies and he secured several large donations. A number of persons also came in voluntarily and left some donations that will help make the soldiers happy. The donations consisted of raisins, prunes, oranges, peaches, pears, canned fruit, clothing, handbags containing many useful articles, etc.

General Muller donated 200 packages of smoking tobacco. His experience as a soldier caused him to believe that no other article would please the boys so well. Others contributed a sufficient number of pipes so that the company will be well supplied.

J. C. Nourse assisted Major Led Winchell in receiving and boxing the goods. He was busy all day and made an efficient aide to the volunteer commissary department.

A contribution was received from the Levy Opera Company, composed of a number of young lads and lasses, who gave an entertainment yesterday afternoon in the Levy opera house in the rear of Herman Levy's residence. The proceeds from the show were donated to the fund for the soldiers, and the sum of \$25 was realized. The young amateurs, who gave a very creditable performance, were: Herman Levy, Leslie Einstein, Leon Levy, Herbert Gundlacher, Sigmar Levy, Roland Tapner, Katie Gundlacher, Morse Levy, a program of the entertainment published in another column.

Donations were made by the following: J. M. Hague, box of soap; Red Onion Bros., box of corned beef; Red Onion Store, two dozen socks; M. Nease, six pairs of socks; Levy Opera Company, \$2.50; Mrs. G. A. Armstrong, underclothes and fruit; Colonel Forsyth, two boxes of raisins; W. M. Hills, underclothes; John C. Nourse, box of toilet soap; Mrs. George A. Nourse, jellies; Tenney Packing Co., five cases of canned fruit; Mrs. Colburn, canned fruit; Mrs. MacLean, dried fruit; L. G. Hall, plug of tobacco; Mrs. Meyers, canned fruit; Holland & Holland, coffee; Kings Daughters, 36 fever belts and 36 bandy bags; Mrs. F. E. Norton, underwear; Furnish & Pratt, toboggan; Simon Evans, holograph; public library; magazine; Hobbs-Parsons Co., box of oranges; Kutner-Goldstein Co., two large cheeses and five boxes toilet soap; Seraphim Bros., three boxes dried fruit; J. S. Henningsen, three dozen socks; Miss Helen Gels, canned and dried fruit, etc.; Eagan & Munro, tobacco; ladyfingers; Mrs. F. E. Norton, underwear; Misses May and Ruth Muller, books; J. E. Husted, canned tomatoes; Fred Zimmerman, \$2; B. T. Scott, half dozen pieces of jam; Mrs. Horace Hawes, underwear; Layton Market, bologna sausages; Mrs. Annie A. Rodgers, plukies, towels, clothing, jam, etc.; Mrs. Bradbury, Miss Shultz and Mrs. Skinner, soap, chow-chow, etc.; Republican employees, \$5; Fresno Republican four dozen chickens; C. E. Ustian collected the following amounts last evening for the Red Cross Society: Jenkins & Norrie, \$5; Ed. Schwartz, \$2.50; F. Knoblock, \$6; John J. Kern, \$2; N. J. Just, \$2; George Shorting, \$2; George Meyers, \$2; Commercial saloon, \$1; Louis Scheller, \$2.50; W. Parker, Evans & Co., \$2; T. H. Warrington, \$1; Powers' Exchange, \$2; Otto Nestel, \$2; Delta & Clusby, \$2.50; Friend, \$6; Eliza Pantis, \$1.

General Muller will receive donations during all of next week, and it is desired that sufficient fruit be sent in to make a year's rations for the boys. This will require about fifty pounds to the man. Many contributions of raisins, peaches, prunes, etc., are expected from the colonists around Fresno during the week and it is desirable that the supplies be brought in as early as possible so that the work of boxing and shipping may be facilitated.

The ladies of the Red Cross Society are busy making up the fever belts and handbags. Every man in Company C will first be supplied with these articles and then the other volunteers will receive attention. The ladies intend to have several hundred of the belts and bags made by next Tuesday night, when the society meets in the parlors of the Hughes hotel.

Captain McDonald Indorsed.

J. B. McDonald: Dear Sir.—We, the undersigned comrades, ask you to announce yourself as a candidate for Sheriff of Fresno county, or any office, at the coming election. We think you will receive the support of every veteran, irrespective of party, and of others who appreciate services rendered in behalf of this country.

(Signed) G. W. Norman, A. Noble, Peter Johnson, R. F. Kenyon, J. W. Van Tappel, Thos. Tomkinson, Chas. Sumner, C. M. Conon, F. P. Gun, J. Y. Sweet, P. A. Kent, W. F. Willis, C. A. Sanger, J. B. Myers, A. Easterbrook.

RED CROSS WORK

Some Advice From Mrs. Margaret Pelton.

Plenty of Work to be Done For the Soldiers—Temperance Items.

On these busy days it is difficult to do anything that is not directly connected with Red Cross movements. Busy women and men of leisure toil side by side, with untiring zeal, to better the condition of our soldier boys at the Presidio and prepare what is possible in the future—the future they are so bravely marching forth to meet.

Last week and this loyal women have worked steadily to supply the demand for woolen bandages, which the surgeons asked the Red Cross to furnish. These bandages are simple looking things when finished, but they require careful cutting and careful stitching. The dimensions have been published several times in the San Francisco papers, and a picture of the finished bandage is well. They are to be made of gray flannel, an wool, or wool and cotton mixed, and are to be twelve inches wide and forty inches long when completed. A hem of eight inches is allowed for, and a turn of one inch under the webbing at the other end. Three short pieces of webbing are fastened to this end and another piece of webbing is fastened across the end to cover and stay the ends of the short pieces. Then this is stitched securely down, and with the addition of three safety pins is ready for use.

When one stops to think of the thousands of troops who are constantly pouring into San Francisco, even this one little item takes on prodigious importance. The surgeons say that these belts, worn over the stomach and bowels will be a great safeguard against the many stomach and bowel troubles that will beset our men in the material regions for which they are bound.

Only the society in San Francisco sends wagons along the front to collect fruit from the commission men and the fruits for the encamped men; and the fruit is received with the hearty appreciation born of generally full taste. Coffee and sandwiches are daily served to incoming troops and whatever want is apparent in the hurried camp at the Presidio is, if possible, supplied at once by our agents.

The work of making clothing for the poor Cuban women and children has been laid aside for the present, and the more pressing needs of the moment have been met.

But one can see at a glance that there is work enough for all our women, both in city and country, for many months to come.

Many responses to the appeal of the society have been received, but not enough. If all our clubs and unions were to become auxiliary to the Red Cross and begin sending, in whatever they can of money or supplies, the aggregate will be stupendous. Money will do more here, perhaps, and is always to be desired above other things, but often merchants will contribute goods where they could not money. But you, ladies, can have entertainments, teas, lectures, etc., and those from many little streams, whose steady flow into the great reservoir, will no doubt up its resources as to make it all the more powerful in the greatest degree.

When I tell the members of Fresno unions that Mrs. Ackerman, despite of weakness and so many other calls, has responded to the spirit of the times and is to give another lecture on behalf of the Red Cross, they will perhaps understand and pardon this departure of their correspondent from the usual routine of temperance work.

When they call to mind that our white banner leads us to every field of usefulness, and that one field to the world, I am sure they will understand that our duty for the present is to do what we can to help in this emergency, and yet not to leave our real work, an organized body, undone.

What inspiring messages have been received from the home field, and how proud of the Selma L. T. L. I. felt as I read of their entertainment, resulting in such substantial benefit to the afflicted church.

Easton will surely carry off the banner this year in "medal contests" work, if the other unions are not enthused by her example to enter more heartily into the contest spirit.

Come, shall we pin the Red Cross just below our little bow of white ribbon? The white ribbon symbolizes the purity and strength of purpose which shall flow out through the channels of human benevolence opened up by the Red Cross for the benefit of our brothers on the field.

Through the medal classes and the L. T. L. we are drilling the soldiers of the future, while through our connection with the Red Cross we may also help the soldiers of the present.

Inquiries about the Red Cross work can be addressed to Red Cross headquarters, San Francisco, or to Oakland headquarters—or, if desired, these inquiries can be addressed to me, and I will take pains to see that they are fully answered.

MARGARET P. PELTON,
Superintendent Press Work, Fresno
County, May 20, 1898.

NRS. KOHLER'S ACTION.

Had no Intention to Interfere With the Red Cross.

Mrs. G. M. Kohler, who collected \$60.50 for the boys of Company C, says there is evidently a misunderstanding among the members of the Red Cross Society in reference to the matter. She states that she had no intention of interfering with the work of the Red Cross ladies, but felt like doing something for the soldiers here herself. She acted in good faith, which is not questioned. She asserts that she had no idea of collecting the money to advertise her business.

In reference to the remark made by Mr. Kohler about Company C, she explains that it was said in a jocular way. The bakery had already made a donation of forty boxes of bread, giving them through another party, however, and when the lady to whom the remark was addressed called upon Mr. Kohler for a donation, he asked her why she did not go to the saloons where a number of the boys spent their money. Only one pie was left at the time, and he told her that she was welcome to it and if she would wait until others in the oven were baked she could have more. She said she was in a hurry and took the one pie.

T. J. KIRK'S CANDIDACY.

He is Well Qualified for the Position He Aspires to.

[From the San Jacinto Register.] T. J. Kirk of Fresno is a candidate for Superintendent of Public Instruction, and has received the unanimous support of the county central committee of his county. The fact that Fresno County has never had a representative on the state ticket, and that her people have at this time put up a man that is well qualified to fill the position should secure Mr. Kirk the hearty endorsement of southern California.

We are personally acquainted with Mr. Kirk and his standing in Fresno county, and know that no man stands higher in the estimation of the people of his section. For the past seven years he has been Superintendent of schools of Fresno county. He is more thoroughly acquainted with the public school system of this state than any man we know of, as he has made it a study of more than twenty years. In 1885 he was elected president of the California State Teachers' Association. Prof. Kirk is well fitted for the office he aspires to, and we hope to see him elected.

Colors for the Sixth.

SAN FRANCISCO, May 21.—Another presentation of colors was made to-day at the Presidio. The Sixth, the regiment from Stockton, received the stand from Colonel George B. Sperry, who presented the colors to Colonel Johnson. A large delegation from the slough city witnessed the ceremony. The usual patriotic speeches were made, the speakers being Orin Henderson, Mayor Wm. Ingalls, F. E. Dunlap and Colonel Sperry. Colonel Johnson accepted the colors, thanking the people of Stockton on behalf of his regiment.

Murdered Her Infant Children.

POUGHKEEPSIE, N. Y., May 21.—Mrs. Leon Spofford, the insane widow of a brewer at Vassar College, murdered her two children, a son two years old and boy five months old by decapitating them early this morning.

Drowned in a Slough.

SACRAMENTO, May 21.—Charles Lester, aged 9 years, fell into China slough early while playing on a bridge and was drowned.

The Coarse Gold Mining Company

To our friends and the public generally: The books of the Coarse Gold Mining & Development Company are now open to subscribers of stock.

From the development work thus far done on the Santa Clara mine at Coarse Gold, which has surpassed our most sanguine expectations, we are now in a position to recommend you to buy shares of the Coarse Gold Mining & Development Company, being satisfied that the results there attained warrant this action on our part.

Only 600 shares are offered. Shares \$25 each on installment plan. Call or send for prospectus at the office of the company, 1835 Mariposa street.

Dreadfully Nervous.

GENTS.—I was dreadfully nervous, and for relief took your Karl's Clover Root Tea. It quieted my nerves and strengthened my whole Nervous System. I was troubled with Constipation, Kidney and Bowel trouble. Your tea soon cleaned my system so thoroughly that I rapidly regained my health and strength. Mrs. S. A. Sweet, Hartford, Conn. Sold by Webster Bros., druggists, corner of Mariposa and K streets. Cure that cough with Shillito's Cure. The best Cough Cure. Bellows Croup promptly. One million bottles sold last year. 40 boxes for 25 cents.

Karl's Clover Root Tea is a pleasant laxative. Regulates the bowels, purifies the blood. Clears the complexion. Envy to make and pleasant to take. 25c. It is received. A Cough, Constipation or Croup are not to be trifled with. A dose of Shillito's Cure will save you much trouble. Sold by Webster Bros., druggists, corner Mariposa and K streets.

Ladies, Take the Best. If you are troubled with Constipation, Sallow Skin, and a Tired Feeling, take Karl's Clover Root Tea. It is pleasant to take. Dyspepsia Cured. Shillito's Vitalizer immediately relieves Sour Stomach. Coming up of Food Distress and is the great Kidney and Liver remedy. Sold by Webster Bros., druggists, corner Mariposa and K streets.

In reference to the remark made by Mr. Kohler about Company C, she explains that it was said in a jocular way.

The bakery had already made a donation of forty boxes of bread, giving them through another party, however,

and when the lady to whom the

PROMOTED PUPILS.

Fatal Railroad Wreck.

ST. LOUIS, May 21.—It is reported that three people were killed this afternoon in a wreck on the Vandalia railroad near Collinsville, Illinois, fifteen miles east of East St. Louis. A wrecking train was sent out from East St. Louis.

Killed His Wife and Himself.

MIDDLETON, N. Y., May 21.—Another presentation of colors was made to-day at the Presidio. The Sixth, the regiment from Stockton, received the stand from Colonel George B. Sperry, who presented the colors to Colonel Johnson. A large delegation from the slough city witnessed the ceremony. The usual patriotic speeches were made, the speakers being Orin Henderson, Mayor Wm. Ingalls, F. E. Dunlap and Colonel Sperry. Colonel Johnson accepted the colors, thanking the people of Stockton on behalf of his regiment.

Colors for the Sixth.

At 15¢ Yard—

11 pieces Plain White Lappet Striped Lawn as good as 25¢ goods carried in Fresno, our price 15¢ yard.

The Secret of Saving

Life is correct buying more than in anything else. Our own experience teaches us this. Handling large quantities of merchandise entirely on a cash basis, both in buying and selling, places us in a position to offer you opportunities to economize which you will not find anywhere else. This store is daily so full of good things that it often becomes a difficult task to select a few items for an advertisement when there are so many big values which deserve mention. For this week we quote the following sample prices gathered here and there from our many different departments.

Children's Lawn Hats.

White and colored, trimmed with fancy embroidery, wide streamers. Regular price elsewhere, 60¢; our price, 24¢.

Ribbons.

No. 40—Silk Moiree Ribbon, Neck Ribbon, all colors, regular 20¢ grade, this week at 12½¢.

No. 40—A better grade of all silk Moiree Ribbon. All the new beautiful shades and colors. Regular price 35¢; here at 24¢ yard.
